

Resources Kit for the Enhanced Care of Chronic Conditions

*A Practice Systems Approach to Achieving
Quality Outcomes for Chronic Disease Management*

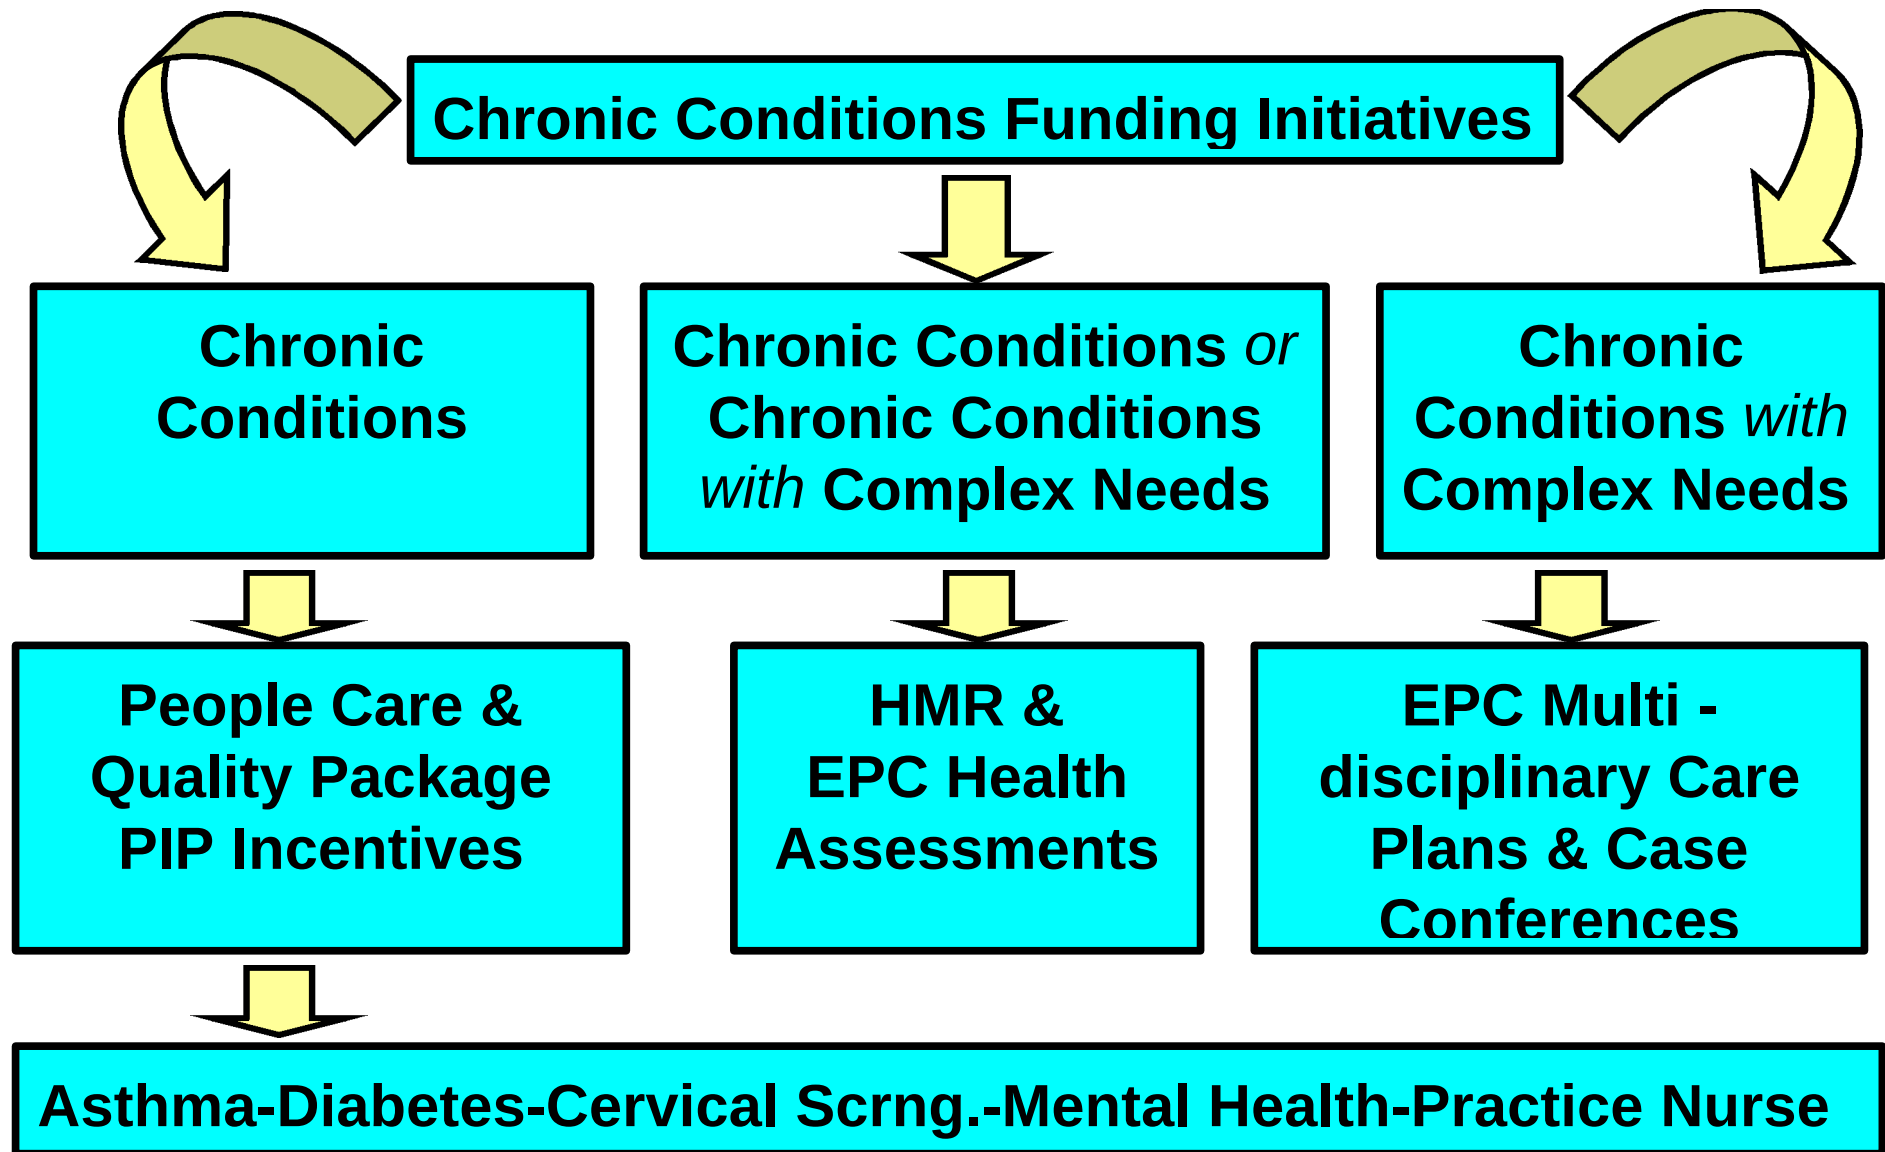

CDM Resources Kit

- ◆ A consolidation of of CDM resources.
- ◆ Drawing on and building upon work already done by divisions and others.
- ◆ Prepared for division staff engaged in CDM practice support or CPD.
- ◆ A tool for electronic / web resource access

Resources are Presented in a GP Systems Framework (based on GPBA) to:

- ◆ Support quality care and continuous quality improvement.
- ◆ Practice business viability.

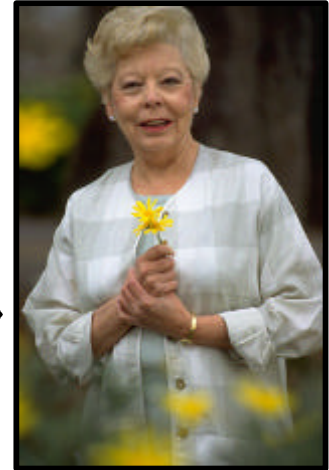

CDM Resources Kit

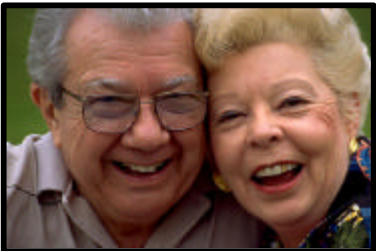

GP

**CDM initiatives enhance the
GP / Patient relationship by:**

- ♦ Early Intervention
- ♦ Local Teamwork

Patient

Carers

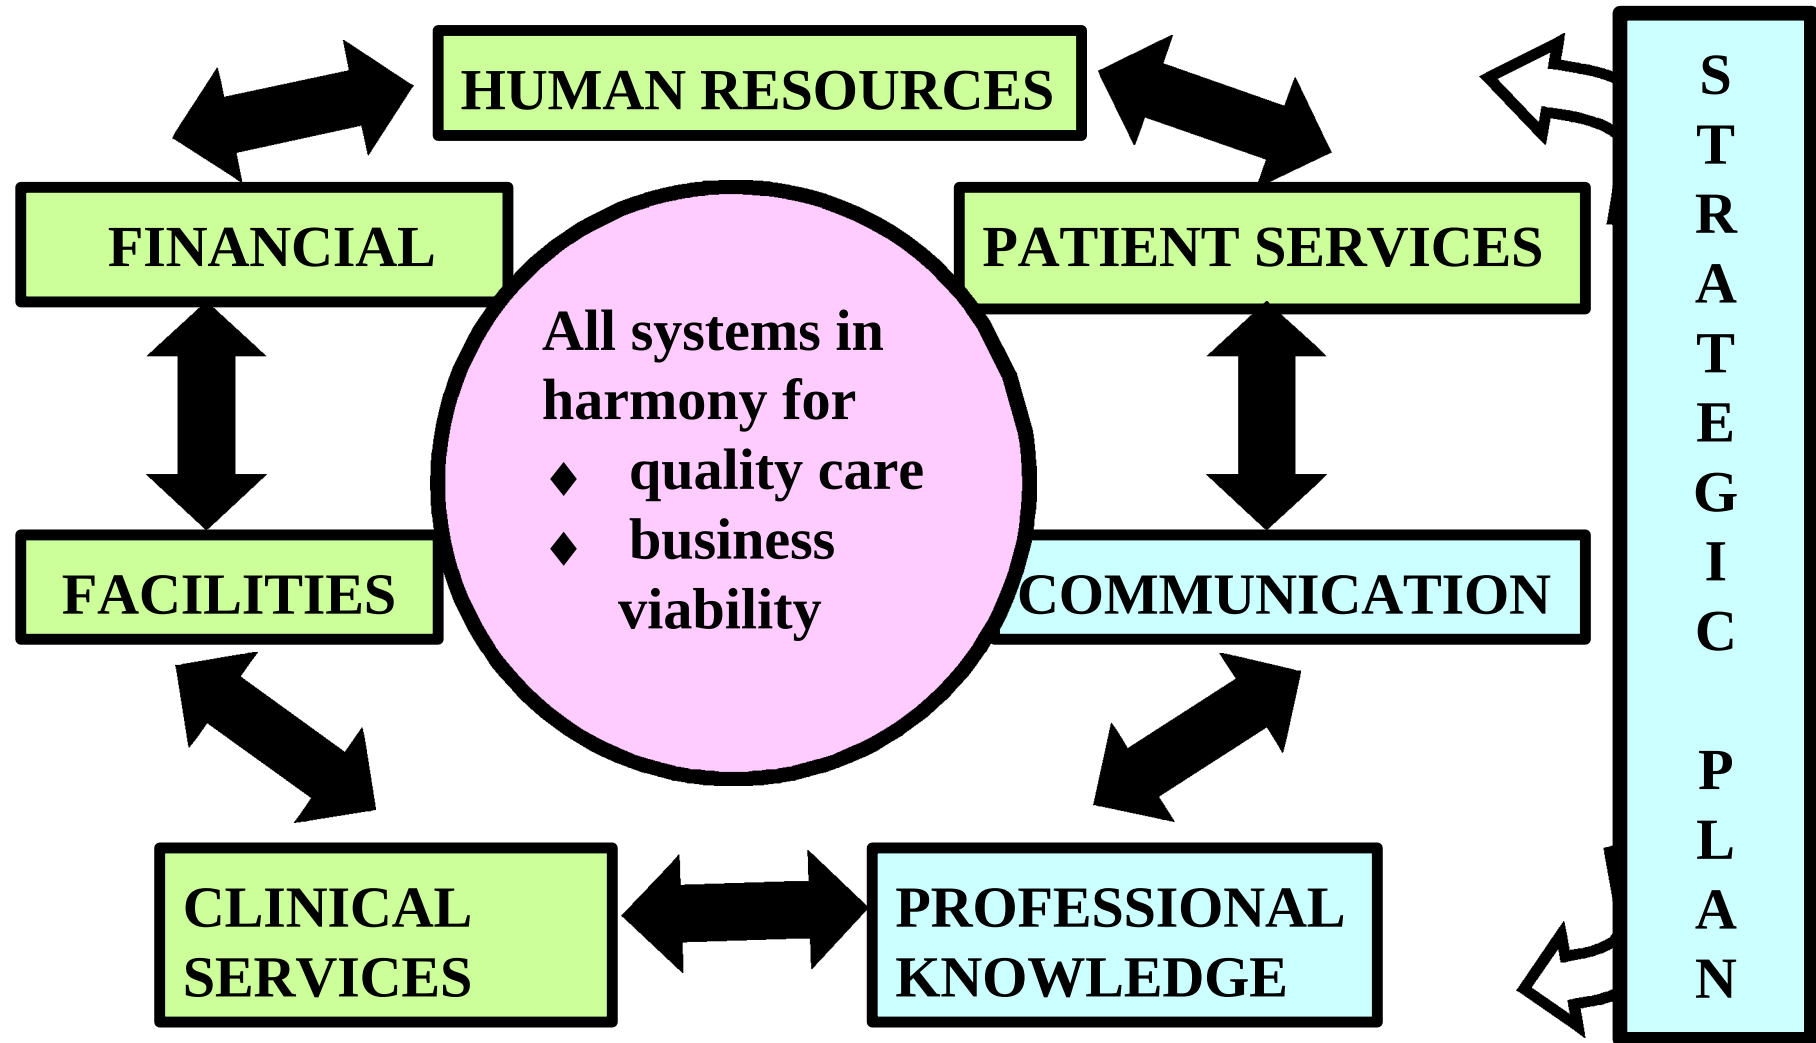

**Practice
Staff**

**Multidiscip.
Planned Care**

**Active Communication
Primary Care Network**

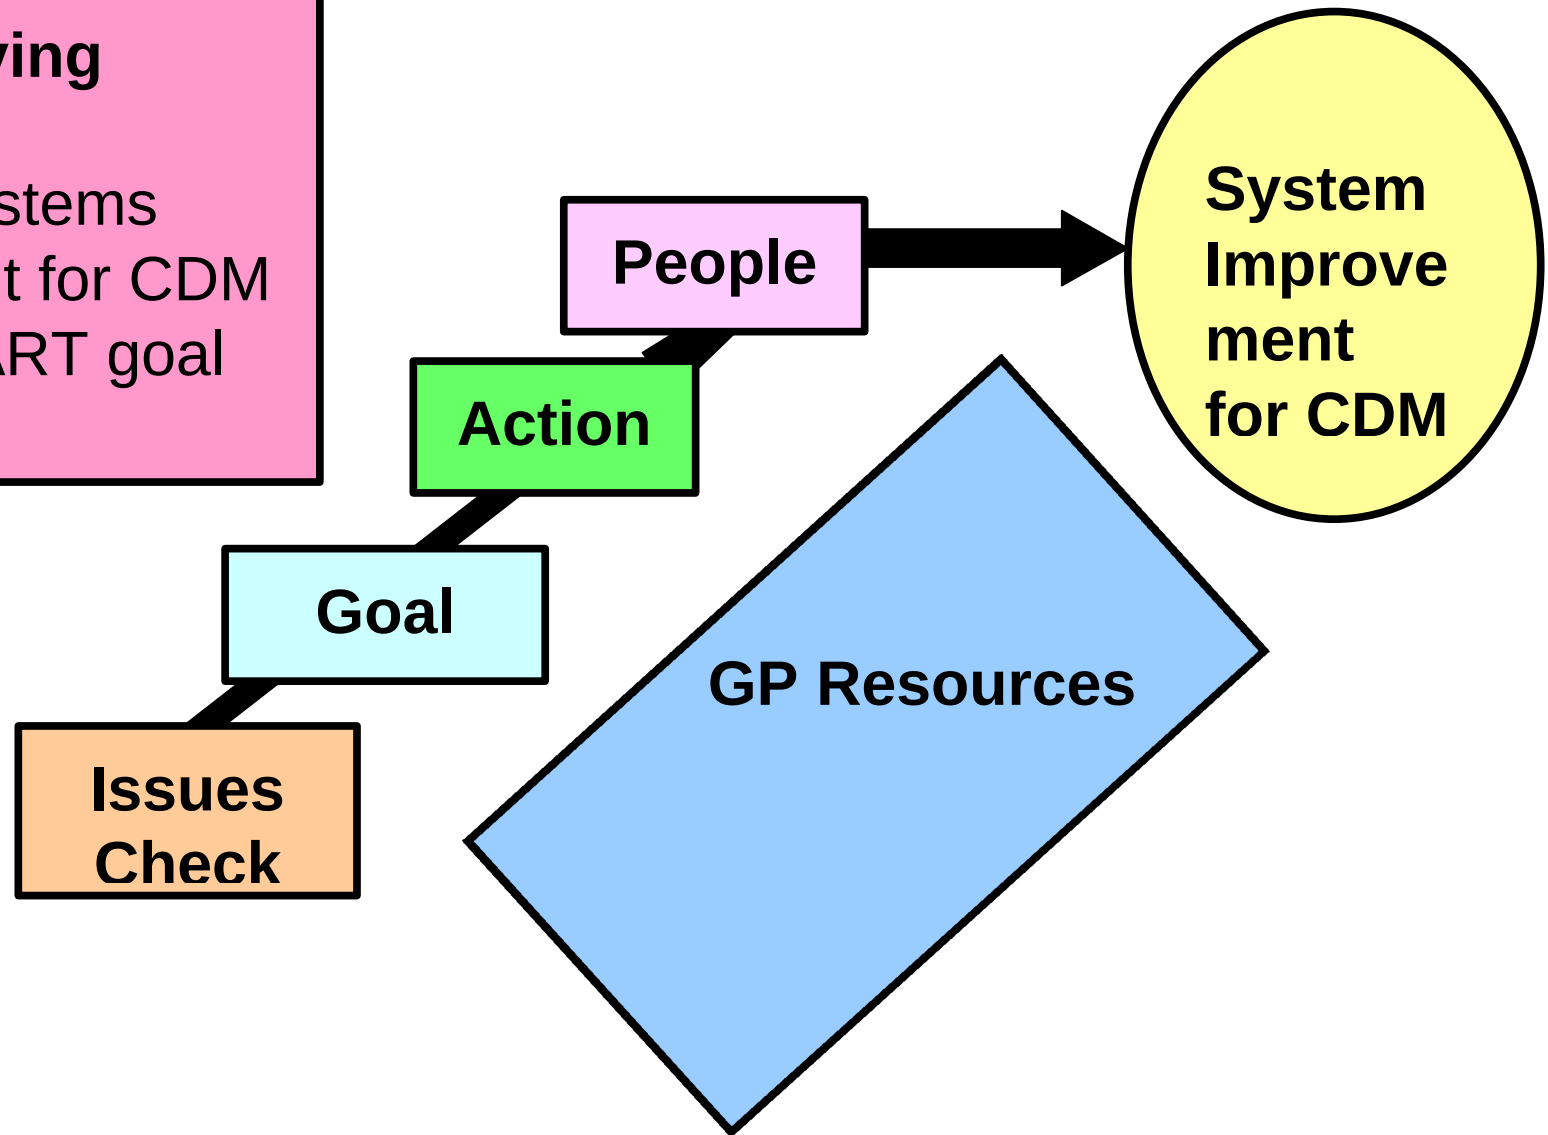

A simple template tool has been developed to assist division staff (and practices) to:

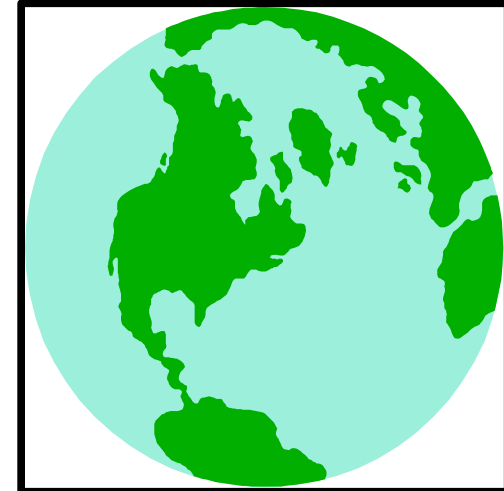

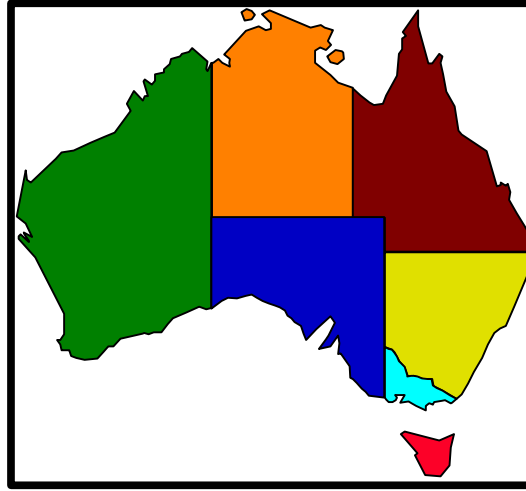

- utilise the resources identified in the Kit.
- undertake problem solving for systems practice development to support CDM.

Problem Solving Template

- ◆ practice systems development for CDM
- ◆ using SMART goal setting

CDM Resources Kit

**Kit Linked to a Web Based
Resources Directory**
