

Education & Resources for GP Panels

Friday 27th May 2005

The objectives of this workshop are that both the aged care network & CPD network participants:

1. Work together to understand how to structure GP Panel activities so that they attract CPD points
 2. Express increased knowledge in the CPD options available for panel activities
 3. Are aware of educational and other resources that are available, and that
 4. CPD coordinators are updated from both the RACGP and ACRRM
 5. Aged care coordinators have the opportunity to network
-
