

Campaspe PCP / Murray Plains DGP

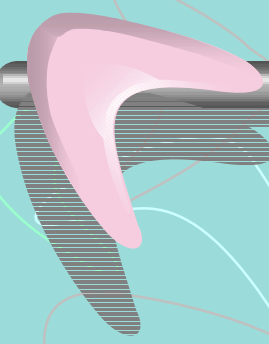

E-Health Project

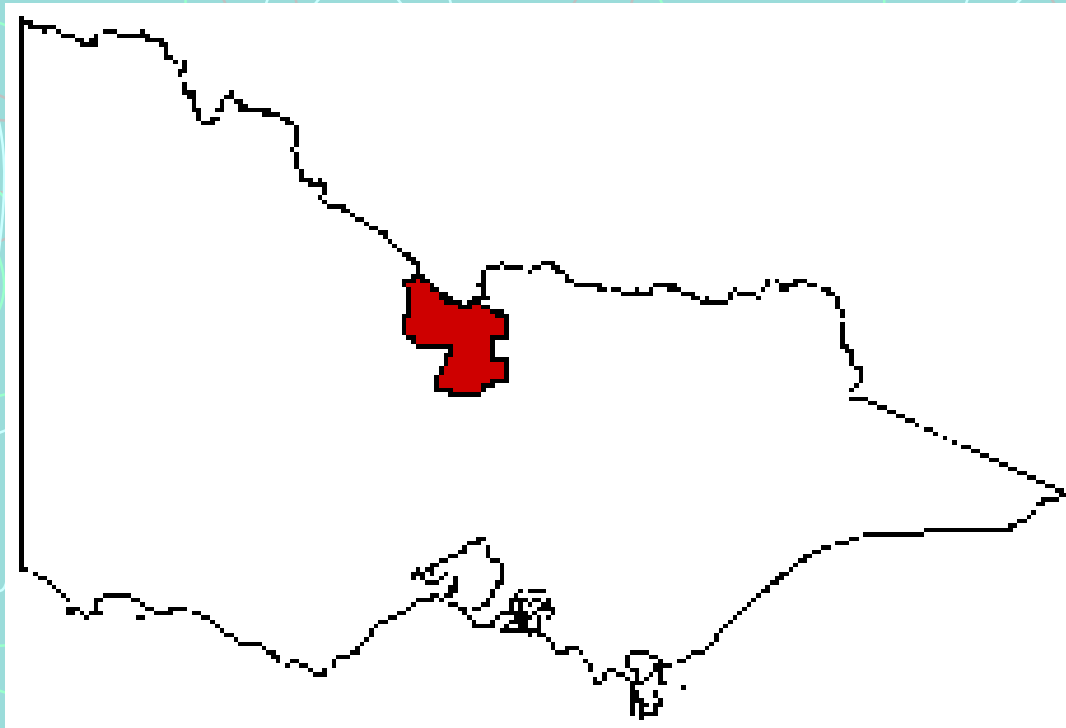

Kerry Parry – Area Manager –
Murray Plain DGP

Ros Chenery – Service Coordination –
Campaspe PCP

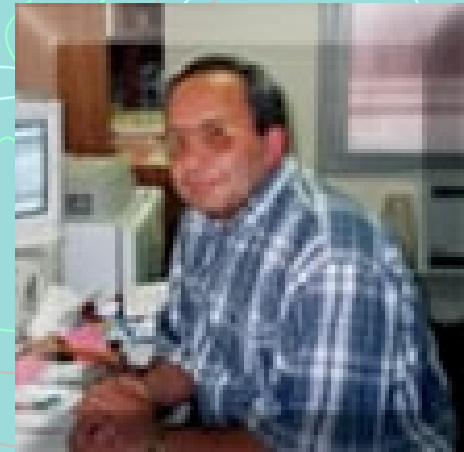

Coverage: Campaspe Shire - Loddon Mallee Region

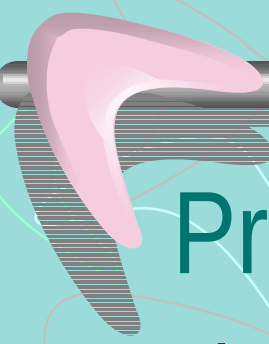

Project Aims:

- To engage 3 general practices & 4 primary care agencies in 3 month electronic referral pilot using statewide referral form (SCTT)
- Following pilot – to implement secure electronic referral system across the Campaspe primary care sector

Project Implementation

- Information Session to all primary Care agencies
- Individual visits to GPs and Primary Care agencies to be involved in pilot
- Establish working relationship with HIC/HESA for signups and technical support
- Establish Working Group – pilot participants
- Technical Workshop run by HESA
- Evaluation
- Ongoing modifications/improvements

Adoption of pilot

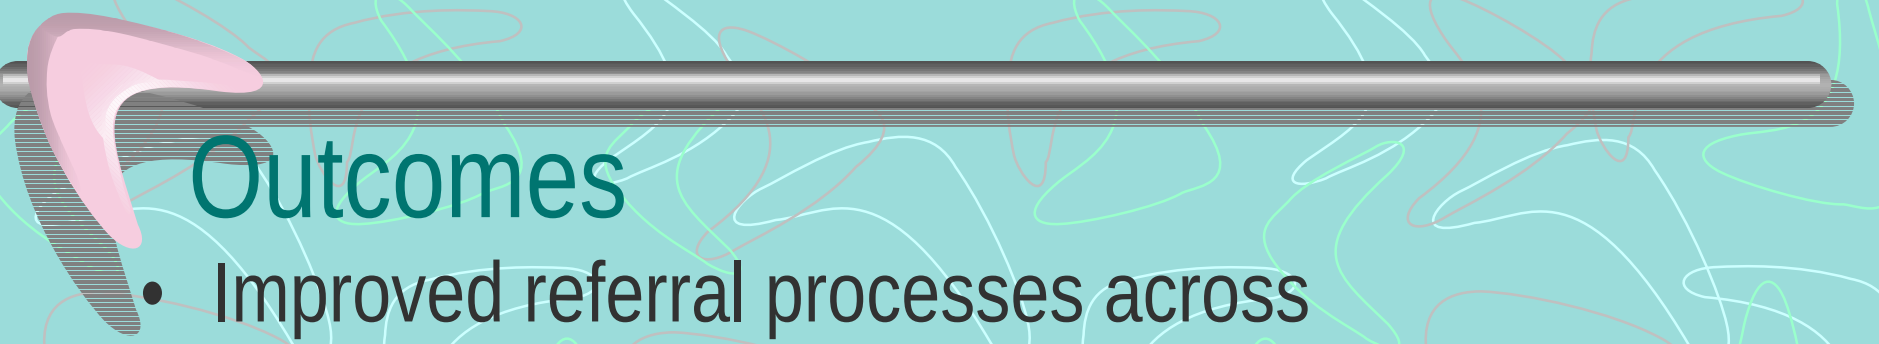

- 3 general practices

- ✓ Nish St Medical Practice, Echuca
- ✓ Rich River Health Group, Echuca
- ✓ Elmore Medical Practice, Elmore

- 4 Primary Care Services

- ✓ Shire of Campaspe
- ✓ Rochester & District Health Service
- ✓ Bendigo Health Care Group
- ✓ Echuca Regional Health

Further Reach: Kyabram District Health Service & Kyabram Medical Practice

Outcomes

- Improved referral processes across
 - Services within shire
 - Regional services
 - Different primary care sectors (acute, GP, CHS, District Nursing, HACC, aged care assessment and hospital discharge planning)
- Better collaboration between GPs and primary care services in providing care for common patients/clients
- Implementation of SCTT / statewide referral form across the primary care sector
- Secure electronic referrals using PKI
