| 9.30am  | Registration                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |
| 10.00am | Welcome and outline of the day's program                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| 10.05am | <p><b>What are the key Commonwealth/State agendas in health and what are the implications for divisions? Where are these issues located within the national priorities and performance indicators for divisions?</b></p> <p>Karen Large, Acting Director, Health Strategies, State Office of DoHA will present an overview of the key outcomes they are looking for this year from their joint work with the State. We have invited the new Director, Primary and Community Health Branch in DHS, Janet Laverick, to meet CEOs and to provide a sense of DHS and her priorities to inform division planning discussions. Karen will outline the program for the VACGP, and identify opportunities for division input. This will include a panel discussion with participants. Bill Newton, CEO, GPDV will also take part in the panel.</p> |
| 11.15am | Morning tea                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
| 11.40am | <p><b>Mental Health Program Update</b></p> <p>Anne Diamond, DLO at GPDV, will present an overview of the issues arising for divisions in the Commonwealth's approach to the funding of the mental health initiatives. Given the pressure to perform service delivery, with no funding for planning, management and liaison in the mental health area there are both strategic and capacity issues arising for CEOs and divisions. This is an opportunity for CEOs to discuss the direction they and their boards want mental health to take within divisions, and what is needed to do this. Leanne Wells from ADGP will be invited to both provide the ADGP perspective and experience and to hear from the CEOs.</p>                                                                                                                     |
| 12.30pm | <p><b>Update on Hepatitis C Project at GPDV</b></p> <p>Michelle Wills has been employed at GPDV for a part-time one year project to work with all divisions on improving GP understanding of and provision of service and advice for Hepatitis C patients. This is an opportunity for CEOs to be briefed about the project and to let Michelle know about key work they are engaged on in this area.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| 1.00pm  | Lunch                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
| 1.45pm  | <p><b>GP Education in Quality Use of Data.</b> Michael Stobie, a GP board member at the Inner Eastern Melbourne Division will present an overview of his education session for GPs. GPs are shown how to use Medical Director more efficiently and effectively within a consultation using a range of strategies including short cut keys therefore allowing more time for patient contact. His courses include face to face and webcast, have been highly rated by GPs, and focus on the first steps towards effective use of population health data - getting the right information electronically entered in first. This is an opportunity for CEOs to assess an educational product that is being offered to divisions.</p>                                                                                                            |
| 2.15pm  | <p><b>Feedback on the RIC.</b> Bill Newton, CEO GPDV will report on the work of the RIC to date, and an overview of the agenda for the workshop on the 10<sup>th</sup> March.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| 2.45pm  | <p><b>ADGP.</b> Liesel Wett, Deputy CEO, ADGP will attend and address issues raised by CEOs:</p> <ul style="list-style-type: none"><li>• How ADGP and SBOs will work together to provide support, advocacy and representation for the divisions' network</li><li>• ADGP's approach to grants to divisions/contract management/consultancy agreements</li><li>• Funding for division support of IM within general practice, and ADGP role in influencing directions for IMIT in general practice</li></ul>                                                                                                                                                                                                                                                                                                                                  |
| 3.15pm  | <b>Open Forum for the Network</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
| 4.00pm  | Close of meeting                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
