- 11.10 am** *Morning tea*
- 11.30am** **Structural Efficiency.**
Introduction by Bill Newton. What does the structural efficiency approach mean for divisions? Some models of work done in divisions relating to the development of structural efficiencies. Nancye Piercey, CEO of the Riverina Division will speak on their 12 division HR Management work, Pat Crowe, Chair of the Whitehorse Division will speak on their General Practitioner Support Services, and how it has enhanced their capacity. The three Tasmanian divisions will describe their joint work on structural efficiency, and the issues it has raised. Workshop session to identify some key areas for Victorian divisions to explore. Elvie Hales, Sue Moir and Phil Edmondson.
- 1.00pm** *Lunch*
- 1.45pm** **Broadband**
Update from Melinda Rolland, Broadband for Health Officer. GPDV
- 2.00pm** **GP Hospital Integration**
All divisions have been asked to address performance indicators relating to integration between GPs and hospitals. Lenora Lippmann, Team Leader Health System Capacity at GPDV, will facilitate a discussion with CEOs on the issues that these expectations raise for divisions, how divisions can lever change through the work of GPLOs where they exist in the area, the differences in the challenge for rural, regional and metropolitan divisions, and any joint strategies (regional or statewide) that can assist divisions.
- 2.45pm** **Staffing Structures and Extending Capacity**
An interactive session bringing together several factors to promote discussion of how divisions can enhance their capacity through staffing structures, staff skill development and or regional staffing structures. The results of the Training Needs Assessment will be presented and division CEOs will present some examples. Sally Phillip, CEO Westvic.
- 4.00pm** *Close*
