

CEO Network Meeting

19 August 2004

Facilitator: Helen Threlfall

9.30am	<i>Registration</i>
10.00am	Welcome and outline of the day's program
10.05am	What data do divisions need for planning? How can Divisions provide appropriate support to GPs, conduct population health programs and measure their outcomes without appropriate data? (Data already held by various Commonwealth and State bodies) Sally Phillip, CEO Westvic Division to outline some of the data issues facing divisions, including uptake of items, workforce data etc. Discussion with CEOs to determine what data divisions need to have, and the data sources, and to identify the way forward to improve access to this data.
11.10am	Morning tea
11.30am	Aged Care Programs Update from Rosemary Fenech, Aged Care Consultant, GPDV, and from Colin Roberts, CEO Inner East Melbourne Division and the CEO representative on the GPDV Aged Care Reference Group. Discussion of the planned approaches that divisions will take in implementing this program, and any issues arising.
12.45pm	Lunch
1.30pm	Update on Broadband and the DHS ICT Framework. Broadband update from Melinda Rolland, GPDV and Bev Patterson, Access to Broadband Taskforce; ICT update from Jenk Akyalcin, Senior Project Manager, IM/ICT Support, Primary and Community Health Branch, DHS. Afternoon tea will be served at tables during the afternoon session
2.30pm	Bill Newton to give feedback on the Divisions Review Implementation Group, and the Policy Seminar on Primary Care Initiatives. Bill has attended the first meeting of the Implementation Group and will be attending the Policy Seminar on the 18th and the morning of the 19th. The Policy Seminar was established to discuss primary care within the Australian context. The seminar is planned in response to the steadily escalating interest in models of primary care delivery, to explore international models and possible lessons for the Australian context. A range of participants have been invited from academia, general practice, health professional organisations from both Australia and New Zealand; and Australian and State health departments.
3.30pm	Network Planning.
4.00pm	<i>Close of meeting</i>
