

IM/IT Issues in Divisions

24 November 2005

Agenda

Chair: Lenora Lippmann

10.00 - 10.05am WELCOME

10.05-11.10am **Session 1 : National Developments**

Broadband For Health – Eastern Goldfields Regional Reference Site

Anthea Apps, Broadband for Health Taskforce & Fiona Green, IP Systems

Anthea is the Project & Digital Content Officer involved with EGRRS and will provide an overview of the project. Fiona is with IP Systems, the ISP for EGRRS, and will discuss security protocols.

Update on Broadband for Health - Victoria

Melinda Rolland, GPDV

Other National Developments in ITIM

Adrian Beekmeijer, ADGP

Adrian will update us on progress on ADGP proposal for funding for division IMIT roles; data strategy; smart cards and readers; seeding & development grants mentioned at previous meeting.

11.10-11.30am MORNING TEA

11.30–11.55am **Session 2 : Update on technical developments:**

a) Voice Over Internet Telephony (VOIP)

Michael Whyte, Tiecom Pty Ltd

Michael will give an overview of VOIP and how and in what circumstances businesses are using VOIP to save money. He will also outline the advantages and disadvantages of Skype.

11.55-12.55pm **b) MD3**

Dr Andrew Magennis, HCN

Dr Magennis will talk about what's entailed in MD2 to MD3 migration and the new features of MD3.

12.55 - 1.40pm LUNCH

1.40 - 2.30pm **Session 3 : Update on IMIT developments in Victoria**

Messaging Systems in Use in Victoria

Lenora Lippmann, GPDV

The whole group will map the use of different messaging systems or tools across the State (eg Healthlink, ARGUS, CNS, Connecting Care, Infoexchange, Securedome, E-query, Medical Objects) so divisions can know who to talk to about the relative merits of different systems.

2.30 – 3.30pm **Session 4 : Issues for Divisions**

- Division performance indicators and data collection methods
- GPDV IT listserve
- VPNs
- DIS implementation
- Networking

3.30PM CLOSE – Christmas drinks at the Queensberry Hotel, Cnr Swanston & Queensberry Sts
