Improvement over last 2 years

Original GPID program objectives

- Improve vaccine storage ✓
- Improve vaccine administration ✓
- Improve coverage rates ✓
- Improve data management ✓
- Improve collaboration between sectors ?
- Improve strategies for hard-to-reach groups ?

Where to now

■ New schedule

- Vaccines
- Vaccine administration
- Reporting
- Ordering
- GP and practice education
- What can be done nationally, statewide and locally to make transition easy

Where to now

■ Data

- good data management
- IM future uncertain

■ Collaboration

- Need to explore more evidence based structures which support collaboration

Where to now

- Hard to reach groups
 - No further on from last year
 - Some good data out of Queensland
 - ???
